제 56차 대한악안면성형재건외과학회 종합학술대회 및 정기총회

The 56th Congress of the Korean Association of
Maxillofacial Plastic and Reconstructive Surgeons
November 3(Fri) – 4(Sat), 2017 | Global Convention Plaza, Seoul

Perspectives in the Management of Pediatric Craniofacial deformities:

Prof. Krishna Shama Rao

*IngaHealthFoundation
BGSGlobalHospit*

Preamble:

A wide range of complex deformities with varied presentations are the hallmark of a craniofacial practice. The anomalies range from, simple craniosynostosis to complex syndromes and other rare conditions, like Craniofacial Fibrous Dysplasia's, Hypertelorism, Neonatal Micrognathia's etc.

Objective:

**The objective of the presentation is to demonstrate that, the management of such anomalies is not cosmetic, but in fact "Life Saving" and "Life Enhancing".
A spectrum of cases will be illustrated to demonstrate techniques of complex nature in the pediatric age group.**
